### **TEMPEST ANNOUNCES OIL FILTER CAN CUTTER**

GREENVILLE, SC — Tempest announced today the availability of an oil filter can cutter to complement their already popular spin-on oil filter line.

This universal cutter is easy to use and is a great addition to any toolbox. It's made from high quality aircraft aluminum making it light weight and very durable. This cutter very reasonably priced and is available through Tempest's distributors.

- Works on all aircraft spin-on oil filters*
- Adapter pin easily removed for 'male' filters*
- Made from 6061-T6 aircraft aluminum*
- Replacement blades available*

For more information regarding Tempest products please go to [www.tempestplus.com](http://www.tempestplus.com), or call (800) 822-3200.

Tempest is the leading manufacturer of pneumatic systems, including the Tornado 3000 dry air pump, filters, valves, regulators and electric stand-by pumps. Additionally they manufacture Tempest fuel pumps and magneto parts, and a complete line of aviation spin-on oil filters. Its manufacturing facility is based in Gibsonville, NC with TPMG sales and marketing offices located in Greenville, SC and Atlanta, GA.
